

NARCOTICS.

(Omit two.)

1. What is a narcotic? Stimulant? Poison? Food?
 2. Is beer injurious? If so, how? What per cent of alcohol does it contain?
 3. What narcotics affect the heart? The liver?
 4. How does **smoking** **cause** **cancer** of the mouth?
 5. What is the active principle of tobacco? Whiskey? Opium? Morphine?
 6. What is hashish? Coca? What are its effects?
 7. How do you teach this subject?
