

ARTICLES FORWARDED TO DR. SEEVERSDr. Milton B. Rosenblatt.

1. Quantophrenia, Lung Cancer, and Common Sense. JAMA, Vol. 180, No. 1, April 7, 1962.
2. Letter to the Surgeon General. Submitted July 25, 1957, to the Subcommittee on Legal and Monetary Affairs, Committee on Government Operations, House of Representatives, U. S. Congress.
3. Bronchogenic Carcinoma; Etiologic Considerations. Clinical Medicine 6, 959-60, 963, 965-6, 969.
4. Letter to the editor: The New England Journal of Medicine, pg 1042, May 19, 1960.

Dr. R. Harrison Bigdon.

1. Cancer of the Lung 1930 to 1960; A Review. Reprint from Texas Reports on Biology and Medicine, Vol. 19, Number 3, pages 465-513, Fall, 1961.
2. The Smoking Controversy. JAMA, Vol. 173, No. 3, pp 293-294, May 21, 1960.
3. Consideration of the Relationship of Smoking to Lung Cancer: With a Review of the Literature. Reprinted from the Southern Medical Journal, Journal of the Southern Medical Association, Volume 50, Number 4, April 1957, pages 524-532.
4. Primary Carcinoma of the Lung in Texas. From the Dept. of Pathology, Univ. of Texas Medical Br. Read before the Section on Clinical Pathology State Medical Association of Texas, Annual Session, Fort Worth, May 2, 1950.
5. Frequency of Cancer of the Lung in all Malignancies Studied at Autopsy. Dept. of Pathology, Univ. of Texas Medical Br., Galveston, Texas.
6. Cancer of the Lung from 1900 to 1930. Reprint from Surgery, Gynecology and Obstetrics, Aug. 1958, Vol. 107, 105-118.
7. Smoking and Cancer of the Lung - Let's Review the Facts. Reprinted from Texas Reports on Biology and Medicine, Vol. 11, Number 4, pages 715-727, Winter, 1953.
8. Smoking Habits of College Students in Texas. Reprinted from Texas Reports on Biology and Medicine, Vol. 12, Number 2, pages 292-299, Summer, 1954.
9. Where Cancer of the Lung Occurs in Texas. Reprinted from Texas Reports on Biology and Medicine, Vol. 13, Number 1, pages 162-169, Spring, 1955.
10. Smoking and Disease A Study Based Upon 12,050 Individuals. Reprinted from Texas Reports on Biology and Medicine, Vol. 16, No. 1, pages 116-132, Spring, 1958.

Dr. R. H. Rigdon, continued.

11. Smoking Habits of 21,612 Individuals in Texas. Reprinted from the Journal of the National Cancer Institute, Vol. 16, No. 5, April 1956.
12. A Consideration of Some of the Theories Relative to the Etiology and Incidence of Lung Cancer. Reprinted from Texas Reports on Biology and Medicine, Vol. 10, No. 1, pp 76-91, Spring, 1952.
13. Pulmonary Neoplasms Produced by Methylcholanthrene in the White Pekin Duck. Cancer Research 21(4), 571-74 (1961) May.
14. Tumors Induced in Skin without Follicles. An Experimental Study in the Duck. Cancer Res. 16 804-7 (1956) September.
15. Consideration of the Relationship of Smoking to Lung Cancer with a Review of the Literature. Presented to the Wisconsin Chapter of the American Academy of General Practice, Green Bay, Wisconsin, June 28, 1956. The experimental studies included in this paper are part of the program aided by the Medical College of Virginia.
16. Frequency of Cancer in 7,500 Routine Autopsies Performed over a Period of 43 Years at the University of Texas Medical Branch. From the Dept. of Pathology, The Univ. of Texas Medical Branch, Galveston. Received for publication January 22, 1949.
17. Carcinogenesis in the White Pekin Duck. Reprinted from Texas Reports on Biology and Medicine, Vol. 14, No. 4, pages 508-527, Winter, 1956.
18. Effect of Tobacco Condensate on Respiratory Tract of White Pekin Ducks. Reprinted from the AMA, Archives of Pathology, Jan. 1960, Vol. 69, pp. 55-63.
19. Cancer of the Lung - The Sex Ratio. A Review of the Problem. Reprinted from Texas Reports on Biology and Medicine, Vol. 17, Number 1, pages 29-48, Spring, 1959.
20. Scientific Proof of the Reaction of the Body to Injury. Law and Medicine, A Symposium. J. Public Law 3(2), 615-33 (1955).
21. Cancer of the Lung Before 1900: A Histologic Review. Texas Reports Biol and Med. 13(4), 993-1007 (1955).
